Dear Ms. Mario,

Thank you so much for providing the bike helmets we gave out at the two bike rodeos we organized on August 1 and August 4.

We at Elm City Cycling, along with the safety program at YNHH and other groups, feel we are making a difference, one head at a time, in improving the safety of cycling for children in New Haven.

We look forward to doing more such programs in the future.

Best regards,

Melinda Tuhus
