In January of this year, a college freshman was the victim of a hit and run accident that occurred in the early hours of the morning as she was crossing a campus street. The driver and front seat passenger of the car involved were eventually apprehended and it was discovered that the accident happened after a night of drinking. The driver of the vehicle, the passengers, and the driver's parents all face various charges including misconduct of driving a motor vehicle resulting in death, alcohol related charges, evading responsibility, evidence tampering, etc. Another student is also being charged for purchasing alcohol for the underage driver.

You are a freshman in college and are planning on running for student government in the spring. You want to do something to make your campus a safer place for students and raise the awareness of the dangers of alcohol. What will your campaign plan of action be?
